

We are currently looking for a

SAP Inhouse Consultant (m/f/d)

for Gotion Germany Battery at the location Göttingen/Germany.

What you contribute

- Responsibility for the support and maintenance of the SAP system landscape - in particular 1st and 2nd level support in a national and international context
- Support of the company's internal SAP S/4HANA applications
- Support of international SAP rollout projects, from implementation to application support (coordination, process analysis, basic customizing, data migration and go-live support)
- Technical and process-related consulting for the mapping of new requirements in cooperation with the departments
- Customizing of SAP modules through requirements analyses and implementations
- Active participation in the introduction of new IT applications in the area of supply chain Management

How you convince us

- Completed studies in the field of (business) informatics or an apprenticeship with a corresponding qualification
- At least 3 years of proven operational SAP knowledge/experience preferably also from the SAP consulting environment
- In-depth process knowledge in the area of PP, MM and/or SD
- Desirable practical experience with regard to S4/HANA, including customizing
- Ideally you have experience in the integration of complex MES systems
- Ability to work in a team and communicate, work independently and in a structured manner
- Very good written and spoken German and English skills
- You live our values: openness, sustainability, innovation

Could we inspire you? Then please send us your application documents, stating your earliest starting date and your salary expectations to karriere@gotion-europe.com.
